REMARKS

This is a full and timely response to the non-final Official Action mailed March 20, 20007, which imposed a Restriction Requirement in the present application. Accordingly, Applicant makes the following election and requests that examination of the elected claims on their merits be promptly conducted in light of the following remarks.

In the outstanding Office Action, the Office alleges that the present application contains claims drawn to two independent and patentably distinct inventions. The claims are grouped as follows:

Claim Group 1: Claims 1-15, 22-25, 29-32, 47 and 48; and

Claim Group 2: Claims 16-21, 26-28 and 33-43.

Applicant notes that claim 33 appears to have been listed in the wrong group. Claim 33 depends from claim 32 which is in Claim Group 1. Consequently, Applicant believes that claim 33 should also be consider part of Claim Group 1.

Additionally, claims 44-46 are not listed in either group. Applicant presumes claims 44-46 should be included in Claim Group 2 due to dependency on claim 43.

In response to the Restriction Requirement, Applicant elects Claim Group 1, which Applicant assumes to include claims 1-15, 22-25, 29-33, 47 and 48, for immediate examination. All other original claims are labeled as "withdrawn" herein.

Applicant does not disclaim the subject matter of any withdrawn claim and reserves the right to file any number of continuation or divisional applications to the withdrawn claims or to any other subject matter described in the present application.

Respectfully submitted,
